Bug Report

Scenario 2: Search a vehicle

ID	#001
Reporter	gvital
Title	Filter by EQB Vehicle Type is not displaying correct number of available cars
Description	Steps to Replicate: 1. Go to search page 2. Click in filter button 3. In filter selection choose filter by Vehicle Type 4. In Vehicle type choose EQB. 5. Note that appears as filter results 0 available vehicles. 6. Click in show results button 7. In the results page check that 72 results were displayed Actual Result: Indeed we have 72 results displayed instead of 0. Expected Result: Should we display zero or 72? Need to check with BA to confirm. From QA side we advise that Zero is a bug and should display 72.
Severity	High
